A self-fulfilling prophecy  
Of endless possibility  
You roll in reams across the street  
In algebra, in algebra

The fences that you cannot climb  
The sentences that do not rhyme  
In all that you can ever change  
The one you're looking for

It gets you down  
It gets you down  
There's no spark  
No light in the dark

It gets you down  
It gets you down  
You traveled far  
What have you found?

That there's no time  
There's no time  
To analyse  
To think things through  
To make sense

Like cows in the city  
They never looked so pretty  
By power carts and blackouts  
Sleeping like babies

It gets you down  
It gets you down  
You're just playing a part  
You're just playing a part

You're playing a part  
Playing a part  
And there's no time  
There's no time  
To analyse  
Analyse, analyse

Analyse
