No more going to the dark side  
With your flying saucer eyes  
No more falling down a wormhole  
That I have to pull you out

Wriggling, twiggling worm inside  
Devours from the inside out  
No more talk about the old days  
It's time for something great

I want you to get out  
And make it work

So many lies  
So many lies  
So many lies  
So many lies

So feel the love come off of them  
And take me in your arms  
Peel all of your layers off  
I want to eat your artichoke heart

No more leaky holes in your brain  
And no more false starts  
I wanna get out  
And make it work

So many lies  
So many lies  
So many lies  
So many lies

So feel the love come off of them  
And take me in your arms

I wanna get out  
And make it work

I want you to get out  
And make it work

I'll be ok

So many lies

So many lies

So many lies

So feel the love come off of them

And take me in your arms
