Lotus Úž Flower

I will shrink myself into your pocket
Invisible, do what you want, do what you want
I will shrink and I will disappear
I will slip into a groove and cut me out and cut me off

There's an empty space inside my heart
Where the weeds take root
And now I set you free
I'll set you free
There's an empty space inside my heart
Where the weeds take root
So now I set you free
I set you free

Slowly we unfurl
As lotus flowers
Cause all I want is the moon upon a stick
Just to see what it is
Just to see what is
I can't kick your habit
Just to feel your fast ballooning head
Listen to your heart

And we'll shrink and be quiet as mice
While the cat is away do what we want
Do what we want

There's an empty space inside my heart
Where the weeds take root
So now I set you free
I set you free

Cause all I want is the moon upon a stick
Just to see what if
Just to see what is
The bird that flown into my room

Slowly we unfurl
As lotus flowers

Cause all I want is the moon upon a stick
Dance around the pain
The darkness is relief
You can't kick your habit
Just to feed your fast ballooning head
Listen to your heart
