My English lover makes me feel colder
My English lover makes me feel colder
I'm a lone rider and I can't be seen
I'm a global lover but my minds not with it

My Electric lover makes me feel better
My Electric lover makes me feel so on
And I'm lone rider and I can't be seen
I've a global mind but my hearts not in it

Hey honey won't you come with me
I will get you everything you need
But you must go on a fully fledged riot
With all the screens and sofas flying
Yes you're going to have to leave it all behind

As you walk you're gone
The sun, it shatters all your dreams
Of rain and worries of little things
Before you go untie
These clothes from my skin
And burn this place where you were welcome before

And make me feel better
My Iraqi lover makes me feel covered
My Iraqi lover makes me feel covered
My Iraqi lover makes me feel covered
My Iraqi lover makes me feel covered
