My brain is like a sieve, sometimes it's easier to forget
all the bad things you did to me, you did to me
My brain is like sieve but it knows when it's being
messed with
If you wanted you could come in, so come in

When you said you loved me, when you told me you
cared
That you would be a part of me, that you would always
be there
Did you really mean to hurt me?
No, I think you only meant to tease (Tease)
But it's hard to remember, I lost my memory (Sieve,
sieve, sieve)
My brain is like a sieve, sometimes it's easier to forget
all the bad things you did to me, you did to me
My brain is like sieve but it knows when it's being
messed with
If you wanted you could come in, so come in

You ought to be ashamed of your behaviour when
you're treating me this way
As if I had deserved to be a place to vent your ire
Some day I'm gonna douse that bonfire
We make a crucial team for a dying world and style is a
word I never even heard
In your vocabulary, victim of a murder mystery,
(Murder) murder
My brain is like a sieve, sometimes it's easier to forget
all the bad things you did to me, you did to me, did to
me
My brain is like sieve, my brain is like sieve but it's
easier to forget all the bad things you did to me, you
did to me
My brain is like a sieve bit it's a place where we both
could live
If you wanted you could come in, so come in

When you said you loved me, when you told me you
cared
That you would be a part of me, that you would always

be there
Did you really mean to hurt me?
No, I think you only meant to tease (Tease)
But it's hard to remember through these broken
memories, through these broken memories
