Your love - your love is never changing

Your love - your love is always lasting.

Baby

I wanna be with you

You know that I wanna be true

'Cause tonight

the night

the night is the night

You know

you know

I wanna make it right.

I'll always remember that night

You were so out of side

We held each other oh so tight

We held each other all through the night.

Babe

you are the only one

And I wanna be with you

'Cause I know

you know the time is right

You touch me

Baby

when you hold me tight.

Let's keep making on and through

Baby

never ever let me go

For as long as I live -

Touch my heart and I'm ready to give.

your love - your love is never changing

...

Your love - your love is never changing

...

your love - your love is never changing

...

The day that I'll be without you

I know it'll make me blue.

I know

I know

you know it isn't right

'Cause tonight

tonight

tonight is the night.

Oh Baby

it feels so good

I know I'm understood

I'll love you a million times

Hold me Baby

'till the morning lights.

Baby

I wanna be with you

you know that I wanna be true

'Cause tonight

the night

tonight is the night

You know

you know I wanna make it right.

your love - your love is never changing.
