Strange how the scale forms  
In tiny patterns on my antenna  
And the Five O'clock Show, 'Hello Hello'  
Brooklyn is crawling with famous people  
I turn my vehicle beneath the river, west from south

Through the airwaves  
People never read the airwaves  
Do we only feed the airwaves?  
I really should have seen through the airwaves

Electric fences line our new freeway  
Here in the half-light, the motor homes leave  
Knee-deep in water under a pylon  
How slow my heartbeat?  
How thin the air I'm breathing in?

Through the airwaves  
People never read the airwaves  
Do we only feed the airwaves  
Or stamp them out at street level?  
Airwaves, dampness of the wind the airwaves  
The tension of the skin the airwaves

Control has enabled the abandoned wires again  
But the copper cables all rust in the acid rain  
That flood the subway with elements of our corrosion  
Cabled in to me, yeah cabled them to me  
Cabled them to me

Be in my broadcast when this is over  
Give me your shoulder, I need a place to wait for  
morning  
No it was nothing, some car backfiring  
Please don't ask questions  
I itch all over, let me sleep

Through the airwaves  
People never read the airwaves  
Do we only feed the airwaves  
Or stamp them out at street level?  
Airwaves, dampness of the wind the airwaves

The tension of the skin the airwaves  
I really should have seen through the airwaves

People never read the airwaves  
Do we only feed the airwaves  
Or stamp them out at street level?  
Airwaves, dampness of the wind the airwaves  
The tension of the skin the airwaves  
I really should have seen through the airwaves

People never read the airwaves  
Do we only feed the airwaves?  
Through the airwaves  
Dampness of the wind the airwaves  
The tension of the skin the airwaves  
I really should have seen through the airwaves
