When all the lights go down
This dirty desert town
Is theater in the round
With stars instead of a crowd

I came here the hard way and now I'm living in a
suitcase
I came here the hard way and now I'm living in a
suitcase

In a suitcase - I live in a suitcase
Marked Rome, marked Los Angeles
So I made, I made a home here inside of me
Live inside me

When all that's to be said's been said
What's keeping you in bed
Is a fear inside your head
The fear of being misled

You came here the hard way and now you're living in a
suitcase
And I came here the hard way and now I'm living in a
suitcase
In a suitcase - I live in a suitcase
But oh, little ingenue
I need, I need to know you will be here too
Then I'll make my home here inside of you
And not in a suitcase
And not in a suitcase

They say travel broadens the mind
So I went over the falls in a barrel
Oh, I found the north pole in a field of ice
And in land of dreams...I found you

I live in a suitcase (4X)
Don't want to live in a suitcase
I live in a suitcase
Don't want to live in a suitcase
I live in a suitcase
Living in a suitcase
