I scare myself just thinking about you
I scare myself when I'm without you
I scare myself the moment that you're going
I scare myself when I let my thoughts run
And when they're running, I keep thinking of you
And when they're running what can I do?

I scare myself and I don't mean lightly
I scare myself it can get frightening
I scare myself to think what I could do
I scare myself it's some kind of voodoo
And with that voodoo, I keep thinking of you
And with that voodoo what can I do?

With that voodoo, I keep thinking of you
And with that voodoo what can I do?
Because it's so, so very different when we're together
And I'm so so so much calmer, I feel better
'Cause the stars already crossed our paths forever
And the sooner that we realize this thing the better

And then I'll be with you and I won't scare myself
And I'll know what to do and I won't scare myself
And my thoughts will run and I won't scare myself
And I'll think of you and I won't scare myself

It's me I'm scared
It's me I'm scared
It's me I'm scared
