Quantum Mechanic

the matrix mathematic

my Honda is erratic

I'll show you the schematic

Quantum Mechanic

it's costing me a packet

I know that you can hack it

I wanna see you jack it - jack it - c'mon now..

move move to the groove - just bust a move

get with the boogie and

sound waves in the rave - my body sways -

my brain is opening

deejay bomb the bass

my thoughts erase my body's booming and

feet feet feel the beat

make my own heat

now I'm complete

move your body to the beat boy

slide your body next to me

and feel the rhythm

dance with me again.

Quantum Mechanic

the matrix mathematic

my Honda is erratic

I'll show you the schematic

Quantum Mechanic

it's costing me a packet

I wanna see you jack it! I know that you can hack it
