"You Call It Trouble"

Visit "[You Call It Trouble](#)" on MotoLyrics.com

They call you the Killer, say your like a disease
You got the world in your pocket but you ain't foolin me

You want something different, mama I understand
I'm just a mess in a rock 'n roll band
I'm just a mess in a rock 'n roll band

You call it trouble
You call it trouble
You call it trouble, I call it love

Now don't keep me guessing, more than tonight is at
stake
You got a hold of my heart and it's all I can take

You want something different, mama I understand
I'm just a mess in a rock 'n roll band
I'm just a mess in a rock 'n roll band

You call it trouble
You call it trouble
You call it trouble, I call it love
