Today I woke up with a song in mind,
It was ringing in my ears it was coming out my mouth,
Today I know something is going to happen,
I told my Baby and two little kids to set down I'll see
who it is,
I can feel it deep down inside,
I heard a knock at the door,
As I ran to the door my heart was beating faster than
ever before,
When I saw you I almost broke down into tears,
This would have been ok ten years ago,
I was thinking of you like it was yesterday,
I remember standing there waiting for those three
simple words,
I wonder what life would have been like if you just told
me how you felt,
Then again I could have spoke up my self,
Ten years ago I would I have jumped in your arms and
never let go,
Instead I gave you a smile,
Said long time no see,
I asked you if you'd like to go out for some drinks,
I told my husband I'd be back in a few hours,

He didn't ask any questions,

Though I told him I was meeting up with an old family
friend,

As I got closer to you,

You smelled the same way you used to and you looked
mighty fine,

In those old navy blue jeans,

You were as funny as ever before,

As I looked into your eyes,

They read please forgive me,

When we said our good buys,

You gave me a kiss and I knew this was the last time we
could see each other,

My feelings for you were too strong to ignore.
