I'm staring down this empty street  
And it's cold but I am walking  
To the place where all roads meet  
And it's just the past and me  
A tattoo and a scar  
And the man in the tv

Evry time I walk away i see a picture of a face  
It's a photograph that makes me wonder why  
Now I stand here on my own  
And I'm finally letting go  
Its time to say goodbye

So down this road I travel now  
Pass broken buildings where I look for truth, were they  
true to me, no  
Every step is stepped with doubt  
But still I walk here trying to find some peace  
Will I find peace?

Every time I walk away i see a picture of a face  
It's a photograph that makes me wonder why  
Now I stand here on my own  
And I'm finally letting go  
Its time to say goodbye

Nothings gonna stand in my way  
No, nothing no nothing will stand in my way  
Nothings gonna stand in my way, yeah, hey

Every time I walk away i see a picture of a face  
It's a photograph that makes me wonder why  
Now I stand here on my own  
And I'm finally letting go  
Its time to say goodbye

Every time I walk away i see a picture of a face  
It's a photograph that makes me wonder why  
Now I stand here on my own  
And I'm finally letting go  
Its time to say goodbye
