Your vision's blurred.. your mouth is dry  
It is sunday  
Just another sunday  
Your body aches.. your conscience sleeps  
It is sunday  
Just another sunday

You say... u don't wanna feel this way  
U don't wanna feel  
You say... u don't wanna feel this way!  
U don't wanna feel

Your knees are weak.. your heart's on speed  
It is sunday  
Just another sunday  
Your senses lie.. your temple speaks  
It is sunday  
Just another sunday!

You say... u don't wanna feel this way  
U don't wanna feel  
You say... u don't wanna feel this way!  
U don't wanna feel

I think i'm outta my mind sometimes maybe  
No room in my head cause it's filled with a boom  
I think i'm outta my mind sometimes maybe  
No room in my head cause it's filled with a boom
