[Yung Wun]

Man! Man! Man! Man! (Larsiny)

Don't start nuttin ya ass can't finish

Ryde or Die Boyz gon', COME AND GET WITCHA!

[Larsiny - S. Lassiter]

Man, y'all rap niggas is high fashion

Flashin, talker, no action

We read emcees like TV's with captions

Charts we smash on, guns we blast them

Spit fire like blow dryers and Drag-dash-On

Your career won't last long, real name Sean Lassiter

Four words for y'all: F-type no passenger

Flow nastier, man you know what I mean

And I keep them diamonds shinin blue, yellow, and green

So the wrist look like a twister mat

Man, I cock the biscuit back and twist ya cap

Opps, clipped ya face just missed ya hat

This go out to those that think this just a rap

Well mister, address the gat and we'll address ya back

Nasty, nasty, spittin disgusting raps

And I doubt that cha'll cats can fuck with that

Chorus: Yung Wun

You don't want no war, you don't want no drama boy

These Ryde Or Die Boyz will rough you up

You don't want no war, you don't want no drama boy

These Ryde Or Die Boyz will touch you up

You don't want no war, you don't want no drama boy

These Ryde Or Die Boyz will bust you up

You don't want no war, you don't want no drama boy

You don't want no drama boy

[Larsiny - Verse Two]

I hate cops, and I like you even less

I turn your whole block into a bleedin mess

Niggas talk hard, and get an easy death

Cuz I pop buck shots like a peasy neck

And I can tell you won't blow, gotta scary finger

All talk, no show, Jerry Springer  
I don't care if you a skinny or a burly nigga  
I'ma have ya face lookin like a blurry mirror  
We shake your features, y'all make believers  
And the eight'll make you shake like you fake the seizure  
I ball of the scale, break the meter  
And if you ever go to jail, they'll rape and beat'cha  
Hold up, take a breather, I'm way too tough  
Got kicked outta pre-school, played to rough  
I straight grew up, I'm still a bully  
Used to take your lunch money now I steal your jewelry

[Yung Wun]

Ha, okay, okay, okay, okay  
Okay, okay, okay, okay

Chorus

[Larsiny - Verse Three]

Don't make me reach for these, I got heat to squeeze  
Make your face melt like pizza cheese  
You need to leave, 'cuz you don't stand a chance man  
I get greasy like mechanic hands  
And y'all niggas all sweet, like candied yams  
Clear blocks outs, hop out the family van  
Lookin like a handy man, with tools on the waist  
Put'choo in the ambulance with two's in your face  
You're a disgrace, you've never been hot  
And I can tell how you talkin you ain't never been shot  
Yo, its whatever or not, if you want it, its war  
You can choose what I'ma use, the pump or the four  
Then decide where you gon' die, trunk of the floor  
'Cuz I'ma tell the law I don't know nothing at all  
I was just walkin my dog and discovered the ball  
A lotta niggas think they hard, this is somethin for y'all

Chorus

[Yung Wun]

Okay, okay, okay, okay  
Okay, okay, okay, okay

Chorus
