LYRICS BORN: 1st Chorus: Aim for the flickering flame /
Day after day now
with the rigorous training / Face the pain but with a
discipline brain /
Stay on point and you will see your little dreams /
Became a big blaze /
And you slayed the beast that tried to stray you away /
From the gracious
place that fed you peaceful plates / I'm talking Chang
Jackson Gomez and
Rosenthal, / While many are called but few are chosen
y'all, / If not with
everybody then we gotta get with those involved. / Take
charge, turn the
feeble resource into a heaping reward, divi it up in
three parts: / Peace
and Love and Happiness, / If faced with love please
acquiesce, / Reach out,
re-route the apprehension, / Let it free, let it seep when
it sets in, /
Try again if it meets with rejection, / Love is the room
and the heart is
the entrance. / 2nd Chorus: Aim for the flickering flame
/ Day after day
with the rigorous training, / Face the pain but with a
disciplined brain, /
Stay on point and you will see your little life change.
LATEEF: Chorus:
Well if you came in here to have fun / then you're
dealing with the crew
that ranks #1 / listen chillin', if you came in here for the
funk you want
illy / I'ma tell don't be no punk and that's for really /
slap ya silly
with the baseline slumpin break ya back with a beat
thats bumpin', in fact!
/ I got a little sumthin' for all of them wanna be macks
thats frontin' /
that'll even get your girls body on the floor thumpin' /
vertical humpin',
with the clothing crumpling bubblin' up in them sugar

walls'll come
tumbly' down / when she hears the sound fill the space
thunderin' ground
shakes when I take the stage rage rumbling / leavin'
muthafuckas ponderin',
grumblin', to themselves -lost / tweakin' and geekin'
tryin' to delve a
little deeper / head in the hold of a sleeper / thinkin'
they could be or
defeat us but gettin' neither / look man whatcha need
to do is be cool /
listen to the speaker, true act a fool but stay calm and
collected don't
get rejected style aint neglected / change gets
affected thusly: / is what
the best did, suckas get tested, and leave dejected /
but self corrected,
is self respected, is self elected to lead the lecture /
what self
expected, amongst conjecture, / you get ejected, if you
let them catch ya
up but self inspected is self protected / so before they
getcha ya best ta
