Look Bitch / Ya know I'm coming tight / so you can
switch them hips

from left to right all night

and won't nobody give a shit / if you was sittin' / I might
ask you ta

stand take a load off of ya mind

cuz them lyrics you kicked was so butt / ya brain must
be synonymous with

your behind / the timing on ya rhymin' sucked black /
that's why I still

caint figure out why the fuck / he was all on my nut sac
/ and droolin' on

the tool and who ya foolin' tryin' ta act so cool / when it
comes to the

duelin', / pull up a stool and we can begin the schoolin:
/ Ooohin' and

Aaaahin' it / really don't matter as long as the rappers
know / who's shit

is fatter / and who should be beggin' the pardon / for
the disaster / as I

blast ya into Anti matter / make you scream out Uncle!
as I punk you with

the funk / watch you buckle like a punk will / another
chump killed as I

chuckle pumping steel, through the steel, so that I can
steal the show /

the bunk have no appeal / meaning that I don't feel the

wack, even when you

be feeling that / no matter how slow / ya go / ya still got
no thing to say

/ when skills are softer than clay ? now come on man,
that aint where the

Cassius / you must have thought that sexy ass was
gone make some dough / on

the strength of them promo pictures- Ho / blow me
down / I'd be surprised

if you could even go just one more round / and I'm
from the O / challenging

you in your own Goddamned town / and I know the
homies gone clown / when

they hear the /profound thoughts and experiences
applied from my strife to

the end of your life on this mic / the Pipe is like
enlightening when

frightening / reciting passages stricken 'em all like
lightening / from the

hand of God / writing missing your hand it might be
odd at first / awful

uncomfortable but the fractured skull has gotta be
worse / curse the killer

while the life giver is giving untill it hurts / perkin' and
buildin at

work, blurtin' out warning! Alert! / Don't be decieved as
to the

multiplicities of realities available / here on this earth
since birth /

don't forget the royalties and legalities / even though I
don't think they

were meant to be / purchased on purpose / and maybe
we're supposed to see

grass first and then miss it / excuse me ya'll /

sometimes my tense it gets

terse / cuz shit it pisses me off / like niggas fallin' off
did Coerced! /

and oh! the shit is so perverse / and I didn't wanna be
bothered with you

or your smirk in the first / and it's probably best for
everybody /

involved including the verse of course / if we all just
word to thought

/cut short
