You have drug me into the midst of this holy war  
Does your religion say I will stay calm and still  
Like a lamb before a slaughter storm?  
You booked me a first class seat on a suicide mission  
With hate in my eyes, I have only one decision  
I know it's about to end  
I know now, I know now it's all over  
And this is my last phone call  
And you know I love you all  
This is my last fight;  
And I will see you all in the next life  
Then we clanned-up,  
Weapons ready, don't be too abrupt  
Then we all rushed the front  
Wait until the right minute  
Stick your blade in and spin it  
Hand to hand primitive  
Making you bleed is not tentative  
They will always remember my name  
You have drug me into the midst of this holy war  
Does your religion say I will stay calm and still  
Like a lamb before a slaughter storm?  
You booked me a first class seat on a suicide mission
