You're like a drug and i need my fix
No time for games, no time for tricks
Don't waste my time 'cause i know what i like
Come go with me, we can rock it all night
I got fever, doctor i need you
I got fire runnin' through my veins
Baby, hurt me, desert me
I need you to work me, bring the pain

You wanna give it, but can you take it?
Baby shake it shake it, but don't break it
I know that you're dangerous when you're naked
Estas enloqueciendo

We're gettomg closer, can you read my mind?
My thoughts are dirty like a shot without a lime
Can you taste it - my sweat rollin' low
Can you feel it - my body on the floor?
I got fever, doctor i need you
I got fire runnin' through my veins
Baby, hurt me, desert me
I need you to work me, bring the pain

You wanna give it, but can you take it?
Baby shake it shake it, but don't break it
I know that you're dangerous when you're naked
Estas enloqueciendo

Shake your body rough, move your hips low
You make me crazy, but you just don't know
Rip it up, take it down
You got the power, turn me upside down
You give me fever like a velvet fire
Just keep it going i'll take you higher
You burn me up with a toxic desire
Get up, get on and feel the fire

You wanna give it, but can you take it?
Baby shake it shake it, but don't break it
I know that you're dangerous when you're naked
Estas enloqueciendo
