## Verse 1

I was so sad  
No love around  
My heart was truly broken  
And then You came  
Out from nowhere  
I haven't been the same since that day

## Pre-Chorus

You got my face glowin  
And I don't care who knows it  
Rivers of joy are flowin  
Ever since You came  
Band's on it  
So put your hands on it  
We got your feet stompin

## Chorus

Since Jesus came into my life  
He changed the darkness into light  
Alright, alright

## Verse 2

Oh happy days  
Are here again  
Everyday with You gets sweeter  
You took my hand  
Helped me understand  
How to trust You all the way  
What a drastic change  
Altos: My life, my life, my life He came into my life  
Tenors: I'm so happy yes I am I'm so happy that You  
changed my life  
Sopranos: Since Jesus came into my life He changed  
the darkness into light
