Verse 1

When I was just a kid I used to think about it
The day when I would have a girl to call my own
I searched a lifetime and I prayed to God about it
Then you came and you changed my life
With a love Ive never known so what do I do?

Chorus

Every night when I pray its for you
Anything that you ask me Ill do
Want to spend my forever with you
Im complete as a man thanx to you

Verse 2

The first time we went out remember you couldnt
speak?
My heart it raced so fast I just couldnt seem to eat
At work I couldnt function had to hear your voice
Head over heels for you and that is why
I made a choice and I choose you

Chorus

Bridge

I tried and I tried and couldnt shake it
I tried to play it off but lets just face it
Im in love with you, darling
You turned my world upside down
And made my dreams reality
Nothing else matters to me
The only thing that concerns meis you

Chorus
