So I've tried out all the pick me up's  
And I've sipped red wine from a Dixie cup  
And I can't change, I can't change

And I need to see thing's I've seen in pictures  
Instead of hangin' around the house  
Like a mess in the kitchen  
I can't change, I can't change

The list of things, I've never done  
Just keeps getting longer  
I'm tired of trying to put it off until tomorrow  
This can't stay the same

Somewhere, there's gotta be something waiting for me  
Out there, there's gotta be something more to show me  
The list of thing's I've never done  
Just keeps getting longer, this has got to change

I'm in the corner of the room like a pile of dust  
I've got a voice in my head, screaming  
This is enough but I can't change, I can't change

Watching TV is like a kick in the nuts  
You've gotta be a brain surgeon or an astronaut  
But I can't change, I can't change

The list of things, I've never done  
Just keeps getting longer  
I'm tired of trying to put it off until tomorrow  
This has got to change

Somewhere, there's gotta be something waiting for me  
Out there, there's gotta be something more to show me  
The list of thing's I've never done  
Just keeps getting longer, this has got to change

Some things can't stay the same  
(Somethings got to change)  
Some things can't stay the same  
(Somethings got to change)  
Some things can't stay the same

(Somethings got to change)  
Some things can't stay the same  
(Somethings got to change)

Some things can't stay the same  
(Somethings got to change)  
Some things can't stay the same  
(Somethings got to change)  
Some things can't stay the same  
(Somethings got to change)  
Some things can't stay the same  
(Somethings got to change)

And I've tried out all the pick me up's  
And I've sipped red wine from a Dixie cup  
And I can't change, I can't change

This has got to change

Somewhere, there's gotta be something waiting for me  
Out there, there's gotta be something more to show me  
The list of thing's I've never done  
Just keeps getting longer, this has got to change

Some things can't stay the same  
(Stay the same)  
Some things can't stay the same  
(Stay the same)  
Some things can't stay the same  
(Stay the same)

Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)

Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)

Some things can't stay the same  
(Something's gotta change)

Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same  
(Something's gotta change)  
Some things can't stay the same
