Right where i wanna be
Cause i am right where i wanna be
My my I just don't know why you came for
My my don't waste your time I know you want more
Is time is time I give you all the lies time to caught
above
Is time is time to get out of the way
So goodbye don't care what you have to say
You see nothing can bring me down right where I
wanna be
You see nothing can stop me know right where I wanna
be
Don't say that you love me don't say that you love me
Cause I am right where I wanna be
Don't say that you love me don't say that you love me
Cause I am right where I wanna be
Right where I wanna be
Cause I am right where I wanna be
Right where I wanna be
Cause I am right where I wanna be
Right where I wanna be
Cause I am right where I wanna be
My my I don't know why but you want it all
My my can't go back to how it was before
Is time is time that I give you all the lies time that I
caught you ..
Is time is time to get out of the way
So goodbye I don't care what you have to say
