I'm capturing the highlights too fast  
in this city of concrete and glass  
I want to dance 'till the end of night  
but I don't know how long I will last  
I got this feeling that I couldn't live without  
Will you be there when I'm going down  
I got this feeling and it feels kind of good  
when there's no one else around

Baby it's all right  
baby it's all right  
Life is what you get when you're living

I'm standing with my back against the wall  
in this city of heartache and of trust  
I got to do the things I got to do  
I want to find the things I've lost  
I got this feeling that I couldn't live without  
a life so full of shame  
I got this feeling and it feels kind of good  
when there's no one else to blame

Baby it's all right  
baby it's all right  
Life is what you get when you're living  
Baby it's all right  
baby it's all right  
I could love you for a minute  
but I will love you for a long long time
