My airway is constricted  
IÃfÂçâ,¬Â™ ve been thinking of you  
And itÃfÂçâ,¬Â™ s difficult to breathe  
After all weÃfÂçâ,¬Â™ ve been through

Chorus  
Did I ask too much?  
How could I have known?  
Could you call for help?  
You were not alone

And I know that itÃfÂçâ,¬Â™ s been rough  
The last couple of years especially  
I wish I had more time to reconnect  
But IÃfÂçâ,¬Â™ ve got another life in the city

Chorus  
We were both slowly dieing  
But that wasnÃfÂçâ,¬Â™ t fast enough for you  
And you were tired of fighting off the demons  
So you bid us all adieu

Chorus

You know I cried (cried)  
You know I cried (cried) When you died

You know I cried (cried)  
You know I cried (cried) When you died
