There's no use running
You know he's got me
Tonight he's coming
He's right behind you

Jack the Ripper stalking you
Checking out your every move
Plotting, running through the night
Running for your limb and life
Walk the streets selling yourself
London town you know so well
You better find a bed tonight
Cause lonely costs you limb and life

There's no use running
You know he's got me
Tonight he's coming
He's right behind you

Whoa oh lonely costs your life
Yeah And it only costs your life
Whoa oh, lonely costs your life
Yeah And it only costs your, only costs your,
Only costs your Life

You're floating away to dream land
It's not lonely today in dream land

It's not lonely today in dream land.. in
dream land
