I Wasn't Searching

There was a time I loved you forever more
Written in hearts were words and real emotions
A million years is not enough to share
If it could be for eternity I would want you there
I would give up all my dreams
In a world of selfish needs

I was an island so far away
Hiding from love I was safe
In my reclusion there is never hurt
I opened my heart and let you in my world
Breaking down my walls I shared my paradise

I wasn't searching
My life was never an open book
I know for certain my heart was breaking
Caught up in a storm
You heard my S.O.S. you heard my S.O.S

I would give up all my dreams
In a world of selfish needs
I wasn't searching
My life was never an open book
I know for certain my heart was breaking
Caught up in a storm
You heard my S.O.S. you heard my S.O.S
