

## **Thousand Foot Krutch "E Is For Extinction"**

Visit "[E Is For Extinction](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I'm not the same as yesterday  
Ooh... It's hard to explain  
How things have changed  
But I'm not the same as before  
And I know there's so much more ahead  
I can barely believe that I'm here  
And I won't surrender quietly  
Step up and watch me go

Break down, ya really want it?  
Wanna make a scene?  
Show me what ya mean  
Let's get it started  
Let me see whatcha got  
Can ya take it up a notch?  
Don't think you got it  
Can't handle the pressure?  
Get, off, stop talkin' about it  
Gotta make this count, let's go

When we move  
We camouflage ourselves  
We stand in the shadows waiting  
We live for this and nothing more  
We are what You created

I can feel the storm  
The winds have changed  
Ooh... 'Cause we're worlds a part  
But just the same  
But we won't leave the way that we came  
And I know there's so much more ahead  
I can barely believe that we're here  
We won't surrender quietly  
Step up and watch it go

Are you ready? Are ya ready?  
Are ya ready for me?  
Are you ready? Are ya ready?  
Are ya ready to see?
