"Learn To Breath"

Visit "[Learn To Breath](#)" on MotoLyrics.com

Sometimes I just want to run away,
From all the things you say to me,
Feelings are ok to meâ€¦

And I just want to find a place,
Where no one sleeps, we're all awake,
And take the time to get awayâ€¦

I don't want to play these games,
Your strength has helped me make the change,
Catch me if I fall from graceâ€¦

And I don't want to play your games,
'Cause lonely was a safer place,
Catch me if I fall from graceâ€¦

Take the time, to learn to breathe,
'Cause some day we're goin' under,
When did we, all fall asleep?
Won't someone wake us?
Take the time, to learn to breathe,
'Cause some day we're goin' under,
Help us see, what's underneath

I'm not here to place the blame,
'Cause although we're not, we're all the same,
You lit a fire, when You called my name,

And I don't want to play your games,
'Cause lonely was a safer place,
Catch me if I fall from grace,

Take the time, to learn to breathe,
'Cause some day we're goin' under,
When did we, all fall asleep?
Won't someone wake us?
Take the time, to learn to breathe,
'Cause some day we're goin' under,
Help us see, what's underneath

I wanna take you, wanna shake you,

Wanna make you feel like I do,
I wanna take you, wanna break you,
Wanna make you know what it's like

I wanna take you, wanna break you,
Wanna make you, feel like I do,
I wanna take you, wanna shake you,
Wanna make you know what it's like

I won't fight you, I'm not like you,
I wanna make you see what I see,
I won't fight you, I'm not like you,
I wanna make you feel like I do

I won't fight you, I'm not like you,
I wanna make you see what I see,
I won't fight you, I'm not like you,
I wanna make you feel like I feel

Take the time, to learn to breathe,
'Cause some day we're goin' under,
When did we, all fall asleep?
Won't someone wake us?
Take the time, to learn to breathe,
'Cause some day we're goin' under,
Help us see, what's underneath

(Background talk from earlier)

You think you have it all figured out,
You think you're onto something,
I see you standing there, acting like you have
No idea what I'm talking about,
You don't like the way I dress,
You don't like the way I talk,
That's fine, 'cause nobody asked you,
And next time you want to point the finger like that
Maybe you should look in the mirror
