Wait, I might hesitate, am I a minute too late?
Please Lord, I need to know, this pressure's got me
lettin' go
If I'm wrong, will I still carry on and end up where I
belong?

I've never felt this way before, I've never come so close
I've never worn so thin, I'm stepping out instead of
closing in
Left myself behind when I made up my mind
No turnin' back this time, this is my new design

Sometimes I feel so alone
It feels like I'm standing out here on my own
I've never felt so far from home
It's comin' on, it hits me when I step outside my zone

'Cause sometimes, I feel so alone
It feels like I'm standing out here on my own
I've never felt so far from home
It's comin' on, it hits me when I step outside my zone

I see what you're doin' to me, could have been you so
easily
You look the other way even though we were close the
other day
And I'm still tryin' to get up this hill, I need you just like
a pill

I've never felt this way before, I've never come so close
I've never worn so thin, I'm stepping out instead of
closing in
Left myself behind when I made up my mind

No turnin' back this time, this is my new design

Sometimes I feel so alone
It feels like I'm standing out here on my own
I've never felt so far from home
It's comin' on, it hits me when I step outside my zone

'Cause sometimes, I feel so alone

It feels like I'm standing out here on my own
I've never felt so far from home
It's comin' on, it hits me when I step outside my zone

Do you get the feelin', everything will be alright?
I'm movin', so pleased to meet you
But I am movin' on, tried to pass it to another
But it's comin' on, I can't wait to find out

Break me, can't seem to climb out
Of this hole, I'm stuck again
If I'm not out in a minute I'm jumpin' in
Let's start again, I'm sick of this

Let's just get it out, are ya feelin' it?
Just move back, ya wanna feel how real it is
Let's just get it out, are ya feelin' it?
Just move back, ya wanna feel how real it is

Sometimes I feel so alone
It feels like I'm standing out here on my own
I've never felt so far from home
It's comin' on, it hits me when I step outside my zone
'Cause sometimes, I feel so alone
