I want it, I need it  
I taste it, I breathe it  
It fuels my aggression  
And fuels all my questions

I cannot conceal it  
It hits me, I feel it  
It kills me, I bleed it  
Now I believe it

I, I want it  
I, I need it  
I, I breathe it  
You are the new drug

I, I want you  
I, I need you  
I believe you  
You are the new drug

I want it, I need it  
I trust it, I breathe it  
It fuels my aggression  
And fuels all my questions

I cannot conceal it  
It drives me, I feel it  
It fills me, I need it  
Now I believe it

I, I want it  
I, I need it  
I, I breathe it  
You are the new drug

I, I want you  
I, I need you  
I believe you  
You are the new drug

Don't hold your breath  
Don't hold your breath

Don't hold your breath  
Don't hold your breath  
Breathe

I, I want it  
I, I need it  
I, I breathe it  
You are the new drug

I, I want you  
I, I need you  
I believe you  
You are the new drug

I want it  
I need it  
I breathe it  
You are the new drug

I want it  
I need it  
I bleed it  
You are the new drug
