Throw up your rawkfist
If you're feelin it when I drop this
Show 'em how we blow the spot
Let's make it hot
Let's shock 'em with the bodyrock
'Til the party stops

It's time to take it up a notch and keep it locked
For all the headbangers in the parking lot
Here we come, if you're ready or not
No time to talk 'cause we on the clock
Bringin' that uhh uhh to your block

Let me show ya where we're comin' from
It don't stop, from L.A. to New York
Show me what you got now

All I know is what it did take to make this
All I am is what it will take to break this
All I know is what it did take to make this
All I am is what it will take to break this

Light it up now, light it up now

Try runnin' me down, keep runnin' around
I'm fakin' you out, would you just
Make it what you want it to be
About to find out what you're all about
I'm callin' you out, won't ya just set me free

Try runnin' me down, keep runnin' around
(Show 'em how we blow the spot, let's make it hot)
I'm fakin' you out, would you just
(Let's shock 'em with the bodyrock)
Make it what you want it to be
('Til the party stops)
Aout to find out, what you're all about
(It's time to take it up a notch, an' keep it locked)
I'm callin' you out, won't ya just set me free
(for all the headbangers in the parking lot)

All I know is what it did take to make this

All I am is what it will take to break this
All I know is what it did take to make this
All I am is what it will take to break this

Light it up now, light it up now

Throw up your rawkfist
If you're feelin' it when I drop this
That's the sound when the rock hits
Oh, you never know, I might let go
Get ready, get set

Throw up your rawkfist
If you're feelin' it when I drop this
That's the sound when the rock hits
Oh, you never know, I might let go
Get ready, get set

That's the sound when the rock hits
That's the sound when the rock hits
That's the sound when the rock hits
Make the sound when the rock hits

Throw up you rawkfist
If you're feelin' it when I drop this
