At times I find my mind unwinds and I don't
Think when I walk, run into things and fall down
It's comin' around again and I've found
Sometimes I don't think when I talk
And put my foot in my mouth
And sometimes when I...
I look at me, and wish I could be somebody else
Sometimes I throw myself and let go
But never no intention to see a picture of me
And trap myself

Bridge:
All this time we've been mislead
Does anyone care at all?

Chorus:
Sometimes I fall asleep, and then I lose control
I try to find my way out without letting go
And will I lose my mind if it comes back this time?
If I don't turn out perfect
Will you be a friend of mine?

It's coming around again and I've found
Sometimes I sit when I should
Get up and just walk away
Sometimes I pretend and act like I do
But don't listen to a word you say
And sometimes when I...
Start talking outloud, should just shut my mouth

And walk away
Sometimes I feel like maybe it's real
And think like nobody else
Too close to myself, and suffocate

Bridge:
All this time we've been mislead
Does anyone care at all?

Chorus:
Sometimes I fall asleep, and then I lose control
I try to find my way out without letting go

And will I lose my mind if it comes back this time?
If I don't turn out perfect
Will you be a friend of mine?

Are you ready to crawl out?
Are you ready to take my hand and see?
Are you ready to crawl out from within the slow bleed?
From within the slow bleed
From within the slow bleed

Take this away from me

Chorus (2x):
Sometimes I fall asleep, and then I lose control
I try to find my way out without letting go
And will I lose my mind if it comes back this time?
If I don't turn out perfect
Will you be a friend of mine?
