Haha, let the sparks fly. Haha....
There's no such thing as maybe
Burn it like it's tainted
No more hesitating,
Let the sparks fly baby!

Drive it like you're racing
You can call me crazy
I'm just tired of waiting
Let the sparks fly baby

Give me one if it's real,
And two if you can feel it,
Give me three signs that you're awake.
It only takes one spark
For two to fall apart,
And three more to blow it away.

Give me ONE if it's real,
And TWO if you can feel it
Give me THREE signs that you're awake.
It only takes ONE spark
But TWO to fall apart,
And THREE more to blow it away

Let me take you into the light,
There's no where to hide.
There's nothing but darkness left here.
Shake it up and let's take a ride,
'Cause Heaven's not far away;
And I'm not gonna leave you here.

There's no such thing as maybe,
Burn it like it's tainted,
No more hesitating.
Let the sparks fly baby
Drive it like you're racing
You can call me crazy
I'm just tired of waiting,
Let the sparks fly, baby!

Give me one good reason

Two more to believe it.
Three Shots why should I wait?
'Cause I got one more notch,
You got 'till three to get out of my way.

Give me ONE if it's real,
And TWO if you can feel it
Give me THREE signs that you're awake.
It only takes ONE spark
But TWO to fall apart,
And THREE more to blow it away.

Let me take you into the light,
There's no where to hide,
There's nothing but darkness left here.
Shake it up and let's take a ride,
'Cause Heaven's not far away.
And I'm not gonna leave you here.

There's no such thing as maybe,
Burn it like it's tainted,
No more hesitating,
Let the sparks fly baby!
Drive it like you're racing
You can call me crazy
I'm just tired of waiting
Let the sparks fly, baby!

Hahahaha, Let the sparks fly...
Hahaha...

Let me take you into the light,
There's no where to hide,
There's nothing but darkness left here.
Shake it up and let's take a ride
Cause Heaven's not far away
And I'm not gonna leave you here.

Let me take you into the light,
There's no where to hide,
There's nothing but darkness left here.
Shake it up and let's take a ride
Cause Heaven's not far away
And I'm not gonna leave you,
Let me take you into the light,
There's no where to hide,
There's nothing but darkness left here.
Shake it up and let's take a ride
Cause Heaven's not far away
And I'm not gonna leave you here.

There's no such thing as maybe
Burn it like it's tainted,
No more hesitating,
Let the sparks fly baby!
Drive it like you're racing
You can call me crazy
I'm just tired of waiting
Let the sparks fly, baby.
