I'm an alien, cause I'm not of this world  
I have a name but I've been changed,  
And now I can't stay the same  
And I'm a loser if that means I've been lost before  
But now I found it, I'm surrounded  
Cause you can hear the way it sounded

Like angels singing with a million voices

The end is where we begin  
It's crawling back when  
We run away, run away  
Cause the end is where we begin  
Where broken hearts mend  
And start to beat again  
The end is where we begin

I'm a monster if that means I'm misunderstood  
Cause it's alive and I can't hide it  
The energy is rising  
And I'm a traitor if that means I've turned on myself  
I can't deny it, it's like a riot  
And I can't keep it quiet

Like angels singing with a million voices

The end is where we begin  
It's crawling back when  
We run away, run away  
Cause the end is where we begin  
Where broken hearts mend  
And start to beat again  
The end is where we begin

Hear me running  
Hear me running, running  
Hear me running, hear me running, ru-running  
Hear me running, hear me

The end is where we begin  
It's crawling back when  
We run away, run away

Cause the end is where we begin  
Where broken hearts mend  
And start to beat again

The end is where we begin  
It's crawling back when  
We run away, run away  
Cause the end is where we begin  
Where broken hearts mend  
And start to beat again  
The end is where we begin
