By the way, if anyone here is in marketing
or advertising, KILL YOURSELF!...

Im a freak in the land of hipocrisy,
Im a man and this place is goin' down,
Im a girl and no one wants sight of me,
and no ones left around,

im a jew of the few that bide into me,
and im the leader of the ku klux klan,
and im as black as a peddler in a trailer,
and theres no one left around cos this place is goin
down,

im the keeper of freak show wannabes,
jest leave me be (just leave me be)

im a freak so give me a labotomy,
lock me up and throw away the key
