well it seemed like yesterday
when the world was looking dark
it felt so cold and grey
and why the hell am I even here
what's the purpose, all I feel is guilt and hate and fear
'til that day you came along
my heart was empty
like the soul was missing from a song
and I though I'd loved a few
no one ever made me feel
the way that you do
hey little girl
look what you do
oh, I love you
hey little girl, I love you
Well I know I'm not always right
and girl it breaks my heart
when I have to see you cry
so many things I wanna say
now I know that you're the reason
that i'm here today

whenever you're here
just stay near
we'll be alright, yeah alright
*hey little girl
look what you do
oh, I love you
hey little girl
look what you do, and you do
when all my love starts running thin
I got you my own Cailin
hey little girl, I love you
I'll be alright
but I need you close
please stay tonight
as long as you're here
just stay near
we'll be alright, yeah alright.
repeat
