I'm trying, denying,  
Why won't you ever talk to me,  
I know it, can't show it,  
I guess it's kind of hard to see,  
I'm learning, confirming,  
The lies a thousand times before,  
I know it, can't blow it,  
Not long before you shut the door,  
I'm trying, denying,  
I guess it's never supposed to be,  
It's coming down now,  
It's coming down because of me,  
When I look into your eyes,  
You know you've got me hypnotized,  
All I want is to hold on,  
I know all these problems just begin,  
It seems as if they'll never end,  
All I want is to hold on to you,  
Want to lay back and close my eyes,  
Dream of things I could not find,  
Just lay back and close my eyes,

I'm trying, denying,

I guess it's never supposed to be (just lay back and  
close my eyes),

It's coming down now (just lay back and close my  
eyes),

It's coming down because of me
