Well I'm here, but I don't wanna stay
Cause you're not around and I'm feeling lonely
Same old episode for me, heading for catastrophe.
And I can see that it's
Association with the past
So think about it
It's like a tie that did not last
Don't move so fast
Don't run, cause you might find out,
Find out I'm the one
And I still feel lonesome
Nothing's changed, it just gets rearranged
When you come around
So now what's your story
You were never there for me
So I'm going out to see
Cause I can't see that it's.....
Association with the past
So think about it
It's like a tie that did not last
Don't move so fast

Don't run, cause you might find out,

Find out I'm the one

(Yeah) And I still feel lonesome

Go Go Go

Yeaaaaaaahhhhhh

Now you're here

But I don't wanna stay

Cause you weren't around

And now you say you're sorry

And nothing's changed

It's just been rearranged

So stay down, just stay down.

Association with the past

So think about it

It's like a tie that did not last

Don't move so fast

Don't run, cause you might find out,

Find out I'm the one

And I still feel lonesome

Well I'm still lonesome

yeahhh

I'm still lonesome
