Im in love with mean girl

Im in love

Bum luck will you ever know

Im not in love with you

A nice girl flown around in pretty girl limbo

Im not in love with you

Not a mean bone in her body,

I said im not in love with you

I love her like a bullet to the back of the head

Im not in love with you

Chorus:

Im in love with mean girl

Im in love with you

Im in love with

Im in love with mean girl

Im in love with you

Im in love

Say what

Lookin' like a school girl dressed to kill

Im not in love with you

A pretty girl dress would make a mean girl ill

Im not in love with you

Like Jon Bonham locked to a doctor beat

Im not in love with you

I need a mean girl to knock me off my feet

Im not in love with you

Chorus

I just want a mean girl to be nasty and fine

You just want mean girl to be nasty and mine

so what you say

I just want a mean girl to be nasty and fine

You just want mean girl to be nasty and mine

1,2,3,4

I just want a mean girl to be nasty and fine

You just want mean girl to be nasty and mine

Chorus x2
