Hey mr. god man can you tell me what's
wrong with my life and all of it's confusions
why did she leave me with nothing to show
except for a shallow disalusion
'cause I can't seem to figure out
why you feel this way
and I guess I'm to blame
if I told you I didn't care about this place
would you think of me the same
could you please tell me why
could you please tell me why
could you please tell me why
why I can't ever find the answer to something
I will never understand
could you please tell me why
I sit back thinking that there once was a time
a time where everything was perfect
it seems the things we shared were so far behind
behind but we're never getting closer
'Cause I can feel your shadow hanging over me
and I'm just peering through the light

now I realize you never cared for me

will I ever see

could you please tell me why

why I can't hold on the person

that I tried so hard to find

could you please tell me why
