Ten boots, a-battered and a-beaten  
Holes in our soles where the desert has eaten  
But they're holdin' out an they're so easy fittin'  
Just a few holes where the rattlesnakes have bitten

1st Chorus:

They ain't to fancy and they're just a little dirty  
But they mean a lot to us, we think they're awful purty  
We wear'em all the time, from morning to night  
If you wanna take 'em from us, then you're in for a fight

We wouldn't trade for whiskey or a lover  
They've taken us further than either of the other  
And when we're gone, we won't be a-carin'  
Six feet under, you know what we'll be wearin'

1st Chorus

2nd Chorus:

Ten boots, a-rollin and a-rompin'  
Ten boots, a-stompin' and a-kickin'up  
A cloud of dust, a mighty hi-ho silver  
Ten boots, a-ten boots ain't stoppin'

My boots an' me, oh, we're a-never knowin'  
From day to day just where we'll be a-goin'  
Down a dusty road, or a-ridin on a rail  
Lovin' or a-fightin', they'll never fail me  
Yah ho huh

2nd Chorus
