Get a new toy
Don?t know what to do
Spend fifteen hours
Staring down at your shoes
Wondering if, you?ll ever figure it out?
Left in doubt
You pout
Until you pull it out?

The Owner?s Manual
Coming to save the day
Call it what you want
Just not gay
He?ll guide you to your way
Of completing the task
And you?ll be able to play with it
In the grass

Or are you the type
Who just moans and gripes?
Don?t want to read
And fail instead of succeed.
Then go ahead
Play dead
This is your very last chance

The Owner?s Manual
Coming to save the day
Call it what you want
Just not gay
He?ll guide you to your way
Of completing the task
And you?ll be able to play with it
In the grass

The Owner?s Manual
Coming to save the day
Call it what you want
Just not gay
He?ll guide you to your way
Of completing the task

And you?ll be able to play with it
In the grass

In the house
With a mouse
On top of a box
With a fox
The owner?s manual will be with you
No matter what

The Owner?s Manual
Coming to save the day
Call it what you want
Just not gay
He?ll guide you to your way
Of completing the task
And you?ll be able to play with it
In the grass
