

Threat Signal **"Inane"**

Visit "[Inane](#)" on MotoLyrics.com

Impaled by the thorn, mechanical inane it's your
sacrifice
Rational thought evaded by false concept
Collapse and paralyze

I am turning the inside out, for the rest of duration

Penetrate to feel on the inside, grip of lust or love I
can't decided
Tears thicken self-control overrides repressed
Release is dignified

I am turning the inside out, for the rest of duration

Fallen down to my knees
Bleeding violently over me
Silenced by words of hate
Laying motionless walking toward the light
