[Intro: Layzie]

Yeah, little Layzie Bone, WC (Dub, Dub-C!)

Puttin it down from Northside Connects to the Westside
(yeah)

[WC] What's crackin ni'a?

Runnin shit for the 2000 (let's do this, yeah)

[Chorus 2X: Layzie Bone] {+ ad libs}

We creep creep creep and we crawl crawl crawl

Ballin on all of y'all

Niggaz heavy in the gaaaame

And we connectin the plots, and we connectin the plots

[WC]

Move back homie - as I pump my Chevy up, mash and
hit the gas

Fly my bandana up outta the window and left her ass
on the smash

Maniac mission, dippin, screw-job intermission

You're bangin for mine from the West to the East to the
9-9

Bow down bustas ain't no bannin me

Now I'm back, and I'ma walk on with Layzie and the Mo
Thug Family

Dub-C, C-Dub rippin, trippin, click-click

I loaded the clip in with my eighty gauge twistin

Got you bitch niggaz ticked and move and walk up
outta the kitchen

Connect Gang and Mo Thugs, some real nigga collision

Rollin 'til the wheels fall off, pullin my penis

Throwin up the dub so much that I got atheritis in my
fingers (Westside!)

Ride and rhyme, and get her high with illegal thai so

Peep this bread, y'all niggaz don't want no parts of the
"Ghetto Heisman"

With them thangs in the dash, nigga we bang for the
cash

Steadily aimin for that ass, burnin them thangs when I
blast nigga!

[Chorus]

[Layzie Bone]

Give me some room Dub

I'm fin' to swang on these niggaz!

You see the connection when I be flexin

nigga better move in the other direction

Choose your weapon and make a selection

cause nigga we runnin you outta your section

Ain't no question, who it be, little Layzie Bone and Dub-C

Nigga we ride with the gangsta gangsta niggaz, Cube and Eazy-E, E

Better pump your fist and throw them dubs 'til they reach the sky

Puttin it down 'til the day I die, you know I take a eye for a eye

Smokin a lot to keep my mind steady, you niggaz ain't ready

for what I be bringin and ain't none of my crimes petty
So nigga don't test me

On the Westside I rides, in a lo-lo dippin them corners
From the double-glock to Watts, this shit don't stop in Killafornia

Nigga I'm a - world wide baller call me the international Thug

Makin it happen so nigga now what? Nigga you know this nothin but love

But this - game that we play in it's money, murder and mayhem

We got rules and we gotta obey them, got dues and we gots to pay them

Say them - niggaz up the block, disrespectin your spot
Hit 'em up with a tec and glock cause nigga we connectin the plots

[Chorus]

[WC]

Callin on them bangers, I'm gonna creep through all you haters

No matter what you're thinkin, me and Layzie runnin the game

and off the chain and swangin, I come ready to blast

Clickin my pumps, smackin New Jack's ass

Clippin doin leanest, my lo-lo's the cleanest

There's no Cristal, just to toss canibal be legit to brain and

I's jaded, the most hated, I can't be faded

Dub-C and Layzie Bone the greatest, ni'a!

[Layzie Bone]

Burna and Dub you see ain't none of you fake niggaz

You catch me in this century, gettin blew back off that
