I like to be with you when the sun goes down
And watch the stars come out one by one.
It's such a pleasant feeling when you're around

I'm lonely the moment you're gone.

It's easy lovin' and easy livin'

You make it easy to do the givin'
You never rush me
you never hush me

Oh
it's so easy to be with you.
It's easy lovin' and easy livin'

And when you hold me all is forgiven.
You never tease me
you always please me

You make it easy
oh yes. you do.

I don't know how it happens but when you're with me
There's not a thing that ever goes wrong.
The world is far away like a fantasy

It's a dream how we get along.
It's easy lovin' and easy livin'

It's easy lovin' and easy livin'
