It's down to this
I've got to make this life make sense
Can anyone do what I've done
I missed life
I missed the colors of the world
Can anyone go where I am

'Cause now again I've found myself
So far down, away from the sun
That shines into the darkest place
I'm so far down, away from the sun again
Away from the sun again

I'm over this
I'm tired of living in the dark
Can anyone see me down here
The feeling's gone
There's nothing left to lift me up
Back into the world I've known

'Cause now again I've found myself
So far down, away from the sun
That shines into the darkest place
I'm so far down, away from the sun
That shines the life away from me
To find my way back into the arms
That care about the ones like me
I'm so far down, away from the sun again

It's down to this
I've got to make this life make sense
And now I can't do what I've done

And now again I've found myself
So far down, away from the sun
That shines the life away from me

'Cause now again I've found myself
So far down, away from the sun
That shines into the darkest place
I'm so far down, away from the sun
That shines the life away from me

To find my way back into the arms
That care about the ones like me
I'm so far down, away from the sun again
