If you could step into my head,  
Tell me would you still know me  
If you woke up in my bed,  
Tell me then would you hold me  
Or would you simply let it lie,  
Leaving me to wonder why  
I can't get you out of this head  
I call mine  
And I will say

Oh no I can't let you go, my little girl  
Because you're holding up my world  
So I need you.  
Your imitation of my walk and the perfect way you talk  
It's just a couple of the million things that I love about  
you

So I need you  
So I need you  
So I need you  
So I need you

And if I jumped of the Brooklyn Bridge,  
Tell me would you still follow me  
And if I made you mad today,  
Tell me would you love me tomorrow?  
Please. or would you say that you don't care,  
And then leave me standing here  
Like the fool who is drowning in despair and screamin'

Oh no I can't let you go, my little girl  
Because you're holding up my world,  
So I need you.  
Your imitation of my walk and the perfect way you talk  
It's just a couple of the million things that I love about  
you.

So I need you  
So I need you  
So I need you  
So I need you

I'm on my own  
I'm on my own  
I'm on my own

Oh no I can't let you go my little girl  
Because your holding up my world,  
So I need you.  
Your imitation of my walk and the perfect way you talk  
It's just a couple of the million things that I love about  
you.

So I need you  
So I need you  
So I need you  
So I need you
