I think I've walked to close to love and now I'm falling in  
I felt so many things this weary soul can't take  
Maybe you just caught me by surprise  
The first time that I looked into your eyes

And there's a life inside of me that I can feel again  
It's the only thing that takes me where I've never been  
I don't care if I lost everything that I have known  
It don't matter where I lay my head tonight  
Your arms feel like home, feel like home

This life ain't the fairy tale we both thought it would be  
But I can see your smiling face as it's staring back at  
me  
And I know we both see these changes now  
I know we both understand somehow

There's a life inside of me that I can feel again  
It's the only thing that takes me where I've never been  
I don't care if I lost everything that I have known  
It don't matter where I lay my head tonight  
Your arms feel like home, they feel like home to me  
(Hold on, you're home to me, just hold on, you're home  
me)

There's a life inside of me that I can feel again  
(They feel like home)  
It's the only thing that takes me where I've never been  
(They feel like home)  
I don't care if I lost everything that I have known  
(They feel like home)  
It don't matter where I lay my head tonight  
Your arms feel like home, feel like home, they feel like  
home
