### "Shake Ya Ta Tas"

Visit "[Shake Ya Ta Tas](#)" on [MotoLyrics.com](http://MotoLyrics.com)

when i said that i loved you a lot  
did it make you smile a little a lot or not  
cuz that last shot brought up some things i thought  
i'd repressed i'm \$ucksex, i suck breasts on women's  
chests,  
i'm the best, but you'd already guessed that  
put my hands on your hips ass, fingers dippin into your  
skirt  
i'm off the market sure, but i reserve the right to flirt  
cuz this is hard work, wet shirt, don't converse, just  
cowgirl in reverse,  
so baby bye bye, unless you shake ya ta tas  
and call me pa pa while I make you la la  
you're talkin goin blah blah  
just smile like its ha ha  
cuz this is where I rock ya  
like na na go head and pop that top uhh

i wanna see y'all boobs poppin out of ya tubes  
as you shake it shake it shake it like there's nada to  
lose  
come on pop  
shake that top  
what you got, baby i want

now i hope you shook, i hope i made you wiggle  
the former fat boys here to make ya mammary glands  
jiggle  
now don't giggle its just a word, like bird, i'm referring  
to ya chest, hope ya heard, i'm awake, so shake and  
then turn  
shake, repeat, whoop whoop, keek keek, get that back  
on me  
and let the whole club see, as I pour the bubbly, double  
A double D  
don't matter let em free, let them tatties fly au natural  
pretty please  
baby please, don't keep em secretly, cuz what the  
world needs  
now is love sweet love and what i love is your stuff  
so girls in long sleeves, girls in short skirts

girls in fuck me boots, tight girls, girls that loose  
shake ya boobs, girls in dress suits,  
girls with fake boobs, girls with real boobs, girls of  
every type come  
on shake it for the dudes

now if i was XX not XY I'd have mine waving side to  
side every night  
but that's why god made girls so boys would have a  
reason for bein  
and the reason why we gots eyes baby's for seein  
whats hot,  
so reveal what ya got, Lindsey Lohan or not, even JoJo  
in a few years might have somethin up top  
do they stand up or flop, do they make traffic stop  
when i grab em at the Grammy's will they be callin in  
the cops  
so every girl let go, and every guy grab hold  
and with every bass drum thump get a little more bold  
fucking shake em if their warm, shake em if their cold  
shake em if their young, replace em if their old  
shake em till till the hurt wherever the hell you are  
cuz i wanna see some motion  
rub em in some lotion  
get lost in the commotion  
the who place fuckin gropin
